

AVCX Trivia 2024 Puzzle #15

Puzzle by Peter Gwinn

Edited by Michael Lieberman

- 1) **What is the familiar two-word name** for the most commonly used quantitative measure of an earthquake's magnitude?
- 2) Perhaps most famously associated with Superman's sidekick Jimmy Olsen, **what ursine nickname** describes a new or inexperienced member of a newsroom?
- 3) **What British/Albanian singer** had two top 10 hits in the US off of her album *Future Nostalgia* and made her acting debut as Mermaid Barbie in The Barbie Movie?
- 4) Farmer, Butcher, Cleric, Librarian, and Weaponsmith are among the different "professions" held by **what type of passive mob** in the game Minecraft? ("Passive mob," short for "mobile entity," is more or less the Minecraft version of "non-player character")
- 5) **What is the full name** of the asset-management method known by the acronym FIFO, which prioritizes the sale or use of an entity's oldest assets?
- 6) **What Major League Baseball team, originally known as the Seattle Pilots, now plays at American Family Field and has traditions including the Famous Racing Sausages? The last handful of letters in each answer to Questions 1-5 provides an additional hint to the team's name.**
